

Cotek Inverter SP700 12-230 700 W

700 W sine wave inverter from Cotek with a type F socket for powering 230 V appliances from a 12 V vehicle electrical system.

// 230 V pure sine AC voltage
// Supply for small consumers
// State of the art technology

The 0,7 kW inverter from Cotek's SP series uses state-of-the-art technology to convert a 12 V DC voltage into a pure 230 V sine-wave AC voltage. The Cotek inverter is protected at the input against reverse polarity, undervoltage and overvoltage, and at the output against short circuits, overloads and overtemperature.
