

Undervoltage protection BW20

Undervoltage and overvoltage protection with cut-off for inline mounting in the wiring system.

- // Simple programming of the cut-off voltage on the unit
- // Universal for 12 V and 24 V on-board power supply systems
- // Automatic switch-on when the switch-on voltage is exceeded

Undervoltage and overvoltage protection with cut-off for in-line installation in the wiring system, universal for 12 V and 24 V on-board power systems. Simple programming of the cut-off voltage on the device.

Technical Information

Continuous load	20 A
Input voltage range	9 V ... 32 V
International Protection (IP class)	IP65
Nominal voltage	12 V/24 V
Dimensions (L x W x H)	155 x 30 x 15 mm
Weight	0.05 kg
